Scope of work

LOCATION: U.S Embassy Dar Es Salaam; 686 Old Bagamoyo Road.

Support Compound – CAC4 – Side yard

Chain Link Fencing.

SCOPE OF WORKS: removing the existing chain link fence and installing a new chain link fence similar to existing.

GENERAL

- (a) This scope of work provides an outline of the work to be performed, it is however not an all-inclusive listing of tasks to be performed.
- (b) Replace the entire existing chain link fence with a new chain link fence along the three sides of the US Embassy's side yard. The length of the fence is approximately 350 meters.
- (c) Remove and dispose of the existing chain link fencing, poles, razor/barbed wire, etc. per the contracting officer's direction.
- (d) Pour new cement footings and install new vertical galvanized steel poles to establish correct height as existing.
- (e) Install new chain link mesh fence with no foot holds. Complete with tension wire and all appropriate accessories and fixings.
- (f) Install three strands of barbed wire on galvanized steel brackets as existing.
- (g) Contractor is responsible to finish and repair the grounds including all damage to both sides of the fence.
- (h) Contractor quote shall clearly indicate the type of material to be used for the works giving all relevant details and confirmation that it meets appropriate local TBS standard. A typical proposed fence section drawing shall also be included with quote.
- (i) Note that the work site is part of the Embassy complex and as such has to be secure all the time during the construction period. Keeping in mind the requirements, a tentative work schedule for the works needs to be included with the quote clearly indicating the sequence of operations which will assure security to the work site.
- (j) Remove all debris created/generated as a result of this project.
- (k) The contractor is responsible for any damage, theft or loss caused by him and/or his/her team at the work site.

(l) The contractor shall ensure that the work site is cleaned up every day and free of safety hazards as a result of the contractor's action or inaction.

(m) The contractor shall be responsible for safeguarding all U.S. government property which he, or his employees, comes into contact with during the work period.

(n) The contractor shall provide a one-year guarantee in writing covering parts and labor on work. The contractor at no additional cost to the U.S. Government shall correct any damage or faults occurring during the guarantee period.

(o) Changes to the scope of work or schedule may only be approved by the American Embassy contracting officer or his representative and must be in writing. Contracting Officer is the GSO, Susan Phemister and the Contracting Officers Representative is the FM, John Rexford and the Regional Security Officer is Bruce Paluch .

(p) All aspects of this project including required documentation must be completed or submitted as required before final payment will be authorized.

(q) A Site Visit can be arranged if required for quotation purpose. Please email the complete names with date and time for the visit. Access confirmation will be sent to the vendor for the requested site visit.
